ALUMNI OFFICE

The Alumni Office has responsibility for building relationships with the UTS alumni community, including graduates and former students of UTS and antecedent institutions, former staff members and other supporters of the institution both locally and internationally, through Graduate Connections and Community Connections.

Graduate Connections
Alumni membership provides services and ongoing support to all alumni through the provision of services, information and news as well as encouraging lifelong links and participation in University life. A number of alumni events, reunions, professional seminars and dinners are held throughout the year, on campus and with overseas networks.

The Stay Connected alumni magazine highlights the achievements of graduates and key initiatives at UTS. It is distributed to more than 90,000 members of the UTS alumni community and the email newsletter e-Connect is distributed to more than 28,000 registered Alumni members.

Membership is free and offers the following benefits:
- complimentary ‘walk-in’ access to University Library collection
- graduate membership of the UTS Union, including access to activities, bars and cafeterias, discounted movie tickets, the Broadway Sports and Fitness centre, and the Computer Resource Centre
- Stay Connected alumni magazine and regular e-Connect email newsletter
- UTS email forwarding service allowing alumni to keep their ‘@uts.edu.au’ address
- computer hardware at education prices through UTS IT Purchasing
- discounted short course programs
- membership of Graduate Networks, and
- opportunities to attend University events.

Graduate Networks
The following Graduate Networks have been formed to foster links between graduates and the University. These groups provide opportunities for social and professional networking, allowing those involved to meet with others from their faculty/discipline area, with similar interests, who live in the same region or who work in the same industry.
- Business Network
- European Network
- Executive MBA Network
- e-Learning Network
- Hong Kong Alumni Chapter
- Indonesian Alumni
- Leisure, Sport and Tourism Network
- Malaysian Alumni Chapter
- Project Management Network
- Shanghai Network
- Singapore Alumni Chapter
- Thai Alumni Network
- USA Network
- Writers’ Network

Community Connections
UTS links with the broader alumni community include former staff and other committed supporters of the institution such as members of UTS Convocation, the Friends of UTS and the Kuring-gai Staff Network. These individuals are acknowledged as important and continuing members of the UTS community.

Kuring-gai Staff Network
The Kuring-gai Staff Network has developed from the strong commitment of former staff members to stay in touch with colleagues and their professional lives at the Kuring-gai campus of UTS (previously Kuring-gai College of Advanced Education). Members of this group engage in a range of social and cultural activities throughout the year.

Convocation
All graduates of UTS are automatically members of Convocation, a formal body of the University. At least two members of Convocation are elected to the UTS Council, the governing body of the University. Elections are held every fourth year and occasionally as vacancies arise. To participate in these elections, graduates must be registered on the Roll of Convocation.

THE AUSTRALIAN TECHNOLOGY NETWORK

The Australian Technology Network (ATN) is a union between five leading Australian universities, who share a heritage of working with industry and a united vision for the future. These universities are:
- Curtin University of Technology
- Queensland Institute of Technology
- Royal Melbourne Institute of Technology
- University of South Australia
- University of Technology, Sydney.

Together, these universities teach more than 180,000 students or 20 per cent of the Australian university system, with one in four international students choosing to study at an ATN university. What distinguishes ATN universities is the way they use their links with industry and the latest technology to provide professional courses for tomorrow's leaders. The ATN’s aim is to contribute to Australia’s social and economic wealth, while championing the principles of access and equity that have ensured its members are the universities of first choice for more students.

Advanced entry to ATN courses
One of the benefits that the ATN provides to its students is a flexible course transfer system. The ATN Vice-Chancellors have agreed to develop a system of transfers for students in related courses across the ATN universities. This system provides for block credit for previous study at an ATN university and for automatic admission to a related course
in another ATN university. Inquiries regarding related courses should be directed to the Student Information Centre/Office of the ATN member. ATN students who are considering transfer to another capital city are encouraged to ask for details from their home institution.

ENVIRONMENT, HEALTH, SAFETY AND SECURITY

The University is committed to providing a safe and healthy workplace for students, staff and visitors, and to adopting a socially responsible approach towards protecting and sustaining the environment. Staff and students must take reasonable care of themselves and others, cooperate with action taken to protect health and safety and not willfully place at risk the health, safety or wellbeing of others.

Emergency procedures
To report emergencies to Security, dial ‘6’ from any internal telephone, or freecall 1800 249 559 (24 hours).
Let the Security Officer know:
• the nature of the problem (e.g. fire, medical emergency, assault)
• the location of the emergency, and
• your name and the telephone extension you are calling from.
See the Emergency Procedures poster in your work/study area for details on evacuation.

Hazards and risks
Hazards or conditions that present a risk to health and safety should be reported to a staff member or Security Officer. To report a serious hazard contact Security immediately by dialing ‘6’ from any internal telephone, or freecall 1800 249 559 (24 hours).

Safe work practices
Always follow safe work practices as provided by your lecturer or a technical staff member. This includes wearing any personal protective equipment required (e.g. gloves, safety glasses, protective mask). Ask for help if you are unsure about how to use a piece of equipment or undertake a task, particularly before carrying out new or unfamiliar work.

First aid
There are a number of First Aid Officers in every building on each UTS campus. See the First Aid poster in your work/study area for their name, location and phone number. Security Officers also have first aid training. If there is no First Aid Officer about, contact Security by dialing ‘6’ from any internal telephone or freecall 1800 249 559 (24 hours). Medical attention is also available from the Health Service at City campus (Broadway) and Kuring-gai campus.

Accident/incident reporting
If you are involved in an accident or incident, report it to a staff member or Security Officer and then complete a UTS Accident/Incident Report Form (available from your Faculty Office or Security). If the accident is serious, call Security immediately by dialing ‘6’ from any internal telephone, or freecall 1800 249 559 (24 hours).

Smoking
Smoking is not permitted inside any building on any campus of the University, nor in any University vehicle. This ban is legally enforceable. Cigarette butts can be disposed of in the bins provided.

Campus shuttle bus
The University operates a number of shuttle bus services. Timetables are available from the Security Office on each campus and online at:
http://www.uts.edu.au/about/mapsdirections/shuttleb.html

Lost and found
The Security Office on your campus is the first point of call to check for lost property or to hand in found items. Items are kept for three months and if unclaimed become the property of the person who found the item.

Security systems
All buildings are accessible by a Personal Identification Number (PIN) and are protected by an electronic intrusion detection system and a closed circuit TV network. You can obtain a PIN from your Faculty Office.

Bicycle storage
Bicycle racks are located outside major buildings and are often covered by a security camera.

Recycling
UTS has facilities for recycling paper, cardboard, glass and aluminium and encourages students to reduce, reuse and recycle.

RADIO 2SER (107.3 FM)

UTS, in conjunction with Macquarie University, operates Sydney Educational Broadcasting Ltd (Radio 2SER-FM), an independent and non-commercial radio station. 2SER-FM had its origins in the burgeoning community broadcasting movement of the early 1970s when it was proposed that an educational station, based on a consortium of Sydney universities, be established. 2SER has been broadcasting across the Sydney metropolitan area, reaching as far as the Blue Mountains and Wollongong, since October 1, 1979.

Both UTS and Macquarie University contribute an annual grant to 2SER, and the station also relies upon revenue raised through programming, sponsorship, fundraising events and membership.

In addition to a small team of paid staff, around 250 volunteers (including UTS staff and students) are involved in producing and presenting around 100 shows per week. 2SER features many exceptional music, arts and current affairs programs, as well as community programming of different languages over the weekends.

2SER’s core values are: commitment to social justice; lifelong learning; independence in the media; and radio as a creative medium.

2SER provides free training courses for its volunteers which cover broadcasting law and standards, equipment operation, interviewing techniques and scriptwriting. Students are welcome to visit the studios on Level 26 of the Tower Building, Broadway.

For more information about 2SER-FM, telephone during office hours or tune in to 2SER 107.3 FM. Streaming is also available via the website.

Research and Innovation Office
The Research and Innovation Office (RIO) provides support services to ensure that the University develops its research potential, and, to that end, seeks to link researchers with funding agencies and investors. It also administers the business functions of accessUTS Pty Ltd, the University’s consulting arm.

Three teams operate under the Director. These are:
- Technology Transfer
- Grants
- Policy and Operations.

The Technology Transfer team deals with the areas of contracts, technology development, patents, intellectual property, and relationships with industry partners. Its role is to encourage the optimisation of commercial opportunities and to build links between researchers and industry.

The Grants team is responsible for promotion, development and administration of internal and external granting schemes, financial administration of funding, and managing data reporting requirements. Its role is to encourage and support academic staff in applying for various funding opportunities.
The Policy and Operations team supports the Research Management Committee, the Human Research Ethics Committee, the Animal Care and Ethics Committee and the Biosafety Committee. It provides strategic advice to the RIO Office and policy advice to the University, monitoring issues and trends in the national and international research policy agenda.

STUDENT PARTICIPATION IN UNIVERSITY GOVERNANCE

There are a number of avenues open to students to participate in the governance of the University. The following are examples of how this can be done formally through the University’s main decision-making bodies.

Council
There are two elected student members of Council, each with a two-year term of office. One is a postgraduate student and the other an undergraduate student. The following existing Council committees have at least one student member: Governance, Finance, Student Matters and Equity Reference Group.

Council has been scheduled to meet eight times in 2006. Most of its committees meet approximately six times each year.

Academic Board
The Academic Board is the principal advisory body to Council on all academic matters. Its membership includes the President of the Students’ Association, an elected student member from each of the faculties and two postgraduate students of the University. Student membership on the Academic Board is for a two-year term.

The current term is due to expire on 31 October 2007.

The Board has established a number of Standing Committees, including the Appeals Committees, Courses Accreditation Committee, Executive Committee, Board of Studies for Indigenous Education, Teaching and Learning Committee, Board of Studies of the Institute for International Studies, and the University Graduate School Board. Each of these includes student representation either by the President of the Students’ Association in an ex officio capacity, or by other students elected by the Academic Board.

The Academic Board is scheduled to meet seven times in 2006.

Faculty Boards
Each of the nine faculties has a faculty board charged with advising the Academic Board and the Dean and other senior staff of the faculty on matters pertaining to the educational work of the faculty. The membership of faculty boards varies, but all include at least four students, at least one of whom is a postgraduate student, for a one-year term of office.

Faculty boards must meet at least twice a semester.

The Institute for International Studies has a Board of Studies which includes three elected student members, one of whom must be a postgraduate student.

UTS ARCHIVES – RECORDS MANAGEMENT SERVICES

The UTS Archives is a repository of historical records of the University. The holdings include records of the New South Wales Institute of Technology, the Kuring-gai College of Advanced Education and its predecessors – the Balmain Teachers College and the William Balmain College; the Institute of Technical and Adult Teacher Education of the Sydney College of Advanced Education; and the School of Design of the Sydney College of the Arts. Papers of some individuals closely associated with these bodies are also held.

Taken as a whole, the holdings reflect the development of technological and vocational higher education in New South Wales and Australia during the past few decades. Types of records held include photographs, official publications, files, committee records and ephemera such as posters. University Records staff provide advice on storage, preservation and disposal of the University’s records as well as reference and retrieval services. The resources of the Archives are available for use by UTS staff and students. Members of the public who wish to access the UTS Archives should apply to the Coordinator, Records Management Services. Access to the Archives by members of the public is by appointment only.

UTS BUILDING IDENTIFICATION SYSTEM

The UTS building identification system comprises two letters indicating the geographic location (see below), followed by two numerals indicating the building number. The floor number and the room number (each separated by full stops) may follow.

For example, City campus, Broadway, Building 1, Level 26, Room 30 is identified as CB01.26.30

CB City campus, Broadway (inc. Harris and Jones Streets)
CC City campus, Blackfriars, Chippendale
CM City campus, Haymarket
CQ City campus, 10 Quay Street, Haymarket
KG Kuring-gai campus
SL St Leonards campus

Addresses and maps are published online at:
http://www.uts.edu.au/about/mapsdirections/mapsdirections.html
UTS GALLERY AND ART COLLECTION

The UTS Gallery is a dedicated public gallery located on Level 4, Peter Johnson Building, City campus, 702 Harris Street, Ultimo. The Gallery presents regularly changing exhibitions of art and design from local, interstate and international sources. The Gallery also showcases the work of students in their graduating exhibitions. A public program of lunchtime lectures, seminars, workshops and special events accompanies many exhibitions.

The UTS Art Collection comprises a diverse range of paintings, prints, photographs and sculptures primarily by Australian artists of the mid to late 20th century. The Collection was formed from the holdings of several institutions which amalgamated to form UTS.

The fundamental role of the Art Collection is to give the University community and visiting public the opportunity to view, appreciate and interact with quality artworks that make a significant contribution to the educational mission, cultural life and amenity of the University. The Collection is displayed throughout the University complex and, from time to time, selected works are exhibited in the UTS Gallery.

The principal collecting areas are art and technology, formal portraits and works that consolidate and extend the existing collection. The UTS Art Collection accepts donations and gifts under the Cultural Gifts Program (formerly the Taxation Incentives for the Arts Scheme).

UTS SHOPFRONT

UTS Shopfront is a University-wide program that acts as a gateway for community access to the University. It links disadvantaged and under-resourced community groups to university skills, resources and expertise.

UTS Shopfront’s vision is to maintain and further advance the principles of flexible learning through developing collaborative research, teaching and learning activities based on a culture of equity, diversity, social responsibility and mutual respect.

UTS Shopfront has consolidated partnerships with disadvantaged and under-resourced community groups with a view to fostering self-determination, skill transfer and an educational program that will produce university graduates with a knowledge of socially responsible professional practice.

UTS Shopfront provides a practical and innovative model that enables students to enrich their learning experience through participation in broader communities. Linkages between the University and external communities facilitate community development and interaction. Community-based projects are carried out by students through their subjects under the supervision of academics.

UTS Shopfront has a broad skills base with access to all nine UTS faculties.

Since its inception in 1996, the Shopfront has completed 346 successful projects across seven faculties involving 1050 students and 50 academic staff. Its core activity is a series of community-initiated projects utilising the skills, expertise and knowledge of the University. Stringent processes and procedures, including training and evaluation, are designed to ensure satisfactory outcomes for students, academics and the community.

UTS AND SUSTAINABILITY

Sustainability research at UTS is cross-disciplinary research for the development of economic, social, political and technological solutions to enhance the environment, human wellbeing and social equity, now and in the future.

UTS seeks innovative sustainable solutions to real-world problems, in close collaboration with the professions, business, industry, government and the wider community.

The University’s research profile extends from traditional areas of research such as physical, biological and engineering sciences, to contemporary fields including social inquiry, design, leisure and tourism, nursing, adult learning, local government and nanotechnology.

http://www.sustainability.uts.edu.au/research

Institute for Sustainable Futures
The Institute for Sustainable Futures is a flagship research organisation that works with industry, government and the community on applied research, consulting and training projects. The Institute works in an interdisciplinary way in a range of areas including sustainable urban design and construction, greenhouse response strategies, environmentally sustainable transport, economics of resource efficiency, sustainability in planning and policy development, and sustainable water and waste minimisation strategies.

For further information on the Institute for Sustainable Futures, see Chapter 5 of this Calendar.

RELATED ORGANISATIONS

accessUTS PTY LIMITED

accessUTS Pty Limited is a wholly-owned UTS company that manages University consulting, providing professional consulting services to business, industry and government. It offers expert opinion to the legal and insurance industries, technical consulting and testing services, professional consulting and training services. It draws on the extensive and diverse expertise of both UTS staff and external commercial entities.

The UTS Research and Innovation Office transacts and manages the business of accessUTS. It offers:
- well-considered matching of expertise to meet client requirements
- project management that ensures that client and consultant expectations are identified and agreed, and milestones and deliverables are met
- preparation of fee proposals and assistance with tenders
- contract administration
- financial administration and professional accounting services to manage client accounts and supplier payments, and
- professional indemnity and public liability insurance cover.

accessUTS is committed to growing University consulting, and to this end actively promotes and markets the business and consultant expertise through a range of media and contacts with clients and potential clients to develop business opportunities.

INSEARCH LTD

Strength through partnership

INSEARCH is a controlled entity of the University of Technology, Sydney (UTS), and this symbiotic relationship allows each institution to benefit from the reputation and success of the other. From its Sydney base and offshore centres, INSEARCH provides education services to students from around the world.

INSEARCH contributions to UTS

INSEARCH is not only self-sustaining but also provides substantial benefits to UTS through financial donations that have increased annually since 1998, as well as through non-financial means. Some of the benefits recently delivered to UTS by INSEARCH include:
- the annual donation ($6 million in 2004)
- recruitment and preparation of 1,039 students who transferred from INSEARCH courses to UTS in 2004
- provision of scholarships, including PhD and post-doctoral scholarships
- support to the University Library for use by INSEARCH students
- collaboration and support for UTS’s international marketing activities
- support for the UTS INSEARCH Technology Development Seed Fund and other projects of the UTS Research and Innovation Office.

Financially, UTS and UTS staff reaped benefits totalling $32 million.

Corporate strategy

INSEARCH operates as a commercial enterprise within a highly competitive industry governed by regulation. To succeed in such an environment requires initiative tempered by discipline and rigorous corporate systems. Strict corporate governance and responsible growth are key considerations for INSEARCH. The company has invested in the latest management information systems and continuously reviews operations from both a business and an academic perspective.

In 2004 INSEARCH was accredited as a higher education institution, the only institution in NSW to achieve this result at its first application. The consistently high quality of INSEARCH’s academic outcomes is maintained through recruiting and retaining excellent staff, providing the necessary resources for them to perform to the highest levels and providing ongoing training. In addition, surveys of students, staff and channel partners are regularly undertaken to ensure the consistent delivery of high standards and to identify areas for improvement.

Academic pathways and other courses

INSEARCH’s courses include:
- English
  - UTS direct-entry English
  - Academic English
  - General English
  - IELTS preparation
- Diploma courses leading into courses in the UTS faculties of:
  - Business
  - Design, Architecture and Building
  - Engineering
  - Humanities and Social Sciences
  - Information Technology
  - Nursing, Midwifery and Health
  - Science
- study tours, combining English courses with specialist studies in multimedia, information technology, management and many other fields
- English language teacher training programs.

INSEARCH and IELTS preparation

As well as offering a wide range of IELTS preparation courses, INSEARCH publishes books, CDs and DVDs that are sold worldwide through retail bookstores and IELTS testing centres.

INSEARCH has also distinguished itself as an innovative educator by jointly producing the popular ‘Study English – IELTS Preparation’ television program with ABC Asia Pacific (Australia’s international satellite broadcaster). The first episode screened in September 2004 and the program now reaches an audience of more than nine million people in 41 countries.
The series is also available online at:
http://www.insearch.edu.au/studyenglish
and can be purchased as a self-study pack for use by teachers and students.

For information about INSEARCH’s international activities, see Chapter 4 of this Calendar.

COMMERCIAL ACTIVITIES ON CAMPUS

There are a number of commercial activities on campus. These include cafes, newsagents, a pharmacy, ATMs and other services. Commercial parking stations are located in or near the City campus buildings.

THE CO-OP BOOKSHOP

The Co-op Bookshop endeavours to supply textbooks for the University’s timetabled courses. It also caters to the broader needs of staff and students by stocking a range of general titles, calculators and the latest computer software. The Co-op Bookshop also offers generous discounts on books to customers who become members.

Through its online service, the Co-op Bookshop gives customers access to a database of more than one million titles. Any title, provided that it is in print, can be ordered by email, fax, telephone or in person at the Broadway and Kuring-gai shops.
