ALUMNI AND DEVELOPMENT OFFICE

The Alumni and Development Office develops and maintains relationships between UTS, alumni (which includes former students and staff of UTS and antecedent institutions), businesses and the wider community. The Alumni and Development Office seeks to involve alumni with UTS for the mutual benefit of alumni and the University. This involves effective communication and provision of a range of services and benefits. The office also works to develop relationships which may result in alumni and the community supporting UTS in practical ways and through donations and sponsorship.

UTS: Alumni membership

UTS: Alumni membership is free and open to all graduates and former staff from UTS and its antecedent organisations (e.g. NSWIT or Kuring-gai CAE).

UTS: Alumni members can:
- access a range of alumni services and participate in networking activities
- attend events to enhance career development
- receive the bi-annual alumni magazine Stay Connected and monthly electronic newsletter e:Connect
- join local and international alumni networks with others who share common interests.

UTS: Alumni publications

The magazine Stay Connected highlights the achievements of alumni and key initiatives at UTS. It is distributed to over 100,000 members of the UTS alumni community in spring and autumn.

The alumni newsletter e:CONNECT is distributed electronically each month to 19,000 alumni, and includes special offers for alumni, job vacancies, upcoming alumni events, plus information on the latest news, events and research at UTS.

Story suggestions for either Stay Connected or e:CONNECT, including UTS news, research or graduate profiles, may be emailed to alumni@uts.edu.au

Alumni networks

Alumni networks allow alumni to network with fellow graduates in the same faculty/discipline area, geographical region or industry.

Alumni are closely involved in running networks, with support from the UTS Alumni and Development Office. Graduates can join an existing alumni network, or can set up a new network with assistance from the Alumni and Development Office.

Current alumni networks include:

Local networks
- Balmain Teachers’ College Orange Grove Annexe Network
- Business Network
- Engineering Network
- Kuring-gai Staff Network
- Leisure, Sport and Tourism Network
- Media Arts and Production Network
- Public Communication Network
- Social Inquiry Network
- Visual Communication Network
- Writers’ Network.

Additional networks are being planned and are due to commence in 2008.

International networks
- European Network
- Hong Kong Network
- Malaysian Network
- Thailand Network
- United Kingdom Network
- United States of America Network.

Current UTS development appeals

UTS alumni, staff and other philanthropic individuals and corporations have all chosen to help UTS maintain its reputation as a centre of educational excellence through their support for a number of appeals:
- scholarships for disadvantaged students
- China studies fund
- high performance rowing
- John Hughes Memorial Chair in Computing
- Thai language and culture fund
- engineering remote labs.

For more information about becoming involved with UTS by supporting these or other worthwhile initiatives, contact:

Chris Benaud
Director, Alumni and Development Office
telephone +61 2 9514 7507
fax +61 2 9514 7509
e-mail Chris.Benaud@uts.edu.au

Convocation

Upon graduation, all UTS graduates automatically become members of Convocation, a formal body of the University. At least two members of Convocation are elected to the UTS Council, the governing body of the University. Elections are held every fourth year and occasionally as vacancies arise.

To participate in these elections, graduates must be registered on the Roll of Convocation.

More details can be found at:
http://www.alumni.uts.edu.au/about/convocation

THE AUSTRALIAN TECHNOLOGY NETWORK

The Australian Technology Network (ATN) is a union between five leading Australian universities who share a heritage of working with industry and a united vision for the future. These universities are:

- Curtin University of Technology
- Queensland University of Technology
- Royal Melbourne Institute of Technology
- University of South Australia
- University of Technology, Sydney.

Together, these universities teach more than 180,000 students, or 20 per cent of the Australian university system, with one in four international students choosing to study at an ATN university. What distinguishes ATN universities is the way they use their links with industry and the latest technology to provide professional courses for tomorrow’s leaders. The ATN’s aim is to contribute to Australia’s social and economic wealth, while championing the principles of access and equity that have ensured its members are the universities of first choice for more students.

Advanced entry to ATN courses

One of the benefits that the ATN provides to its students is a flexible course transfer system. The ATN Vice-Chancellors have agreed to develop a system of transfers for students in related courses across the ATN universities. This system provides for block credit for previous study at an ATN university and for automatic admission to a related course in another ATN university. Inquiries regarding related courses should be directed to the Student Information Centre/Office of the ATN member. ATN students who are considering transfer to another capital city are encouraged to ask for details from their home institution.

UTS Student Centres
telephone +61 2 9514 1222
http://www.atn.edu.au

ENVIRONMENT, HEALTH, SAFETY AND SECURITY

The University is committed to providing a safe and healthy workplace for students, staff and visitors, and to adopting a socially responsible approach towards protecting and sustaining the environment. Staff and students must take reasonable care of themselves and others, cooperate with steps taken to protect health and safety and not willfully place at risk the health, safety or wellbeing of others.

Emergency procedures

To report emergencies to Security, dial ‘6’ from any internal telephone or 1800 249 559 (freecall, 24 hours). Let the Security Officer know:

- the nature of the problem (e.g. fire, medical emergency, assault)
- the location of the emergency, and
- your name and the telephone extension you are calling from.

See the Emergency Procedures poster near lifts for details on evacuation procedures. See also the ‘Escape from UTS’ evacuation video on the Emergency Procedures website at:

http://www.fmu.uts.edu.au/emergency

Hazards and risks

Report hazards to a staff member or Security Officer so that something can be done to fix them. To report a serious hazard, please contact Security immediately by dialling ‘6’ from any internal telephone or 1800 249 559 (freecall, 24 hours).

Safe work practices

Always follow safe work practices as provided by your lecturer or a technical staff member. This includes wearing any personal protective equipment required (e.g. gloves, safety glasses, protective mask, etc.). Ask for help if you are unsure about how to use a piece of equipment or undertake a task, particularly before carrying out new or unfamiliar work.

Accident/incident reporting

If you are involved in an accident or incident, report it to a staff member or Security Officer and then complete a UTS Accident/Incident Report Form — available from your Faculty Office, Security and the Environment, Health and Safety website at:

http://www.ehs.uts.edu.au

If the accident is serious, call Security immediately by dialling ‘6’ from any internal telephone or 1800 249 559 (freecall, 24 hours).

First aid

See the First Aid poster in your work or study area for the name, location and phone number of the nearest First Aid Officer and online at:

http://www.fao.uts.edu.au

If you cannot locate a First Aid Officer, contact Security by dialling ‘6’ from any internal telephone or 1800 249 559 (freecall, 24 hours).

Smoking

Smoking is not permitted inside any building on any University campus, nor in any University vehicle. This ban is legally enforceable. Dispose of cigarette butts in the bins provided outside University buildings.

Bicycle storage

Bicycle racks are located outside major buildings and are often covered by a security camera.

Campus shuttle bus

The University operates a number of shuttle bus services. Timetables are available from the Security Office on campus and online at:

http://www.uts.edu.au/about/mapsdirections/shuttleb.html

Lost and found

The Security Office on campus is the first point of call to check for lost property or to hand in found items. Items are kept for three months and become the property of the finder if unclaimed.
Security systems
All buildings are accessible by a Personal Identification Number (PIN). You can obtain a PIN from your Faculty Office. Your PIN is assigned to you and is not transferable. You must not misuse your PIN as this could compromise the safety of others.

Recycling
UTS has facilities for recycling paper, cardboard, glass and aluminium. Reduce, reuse and recycle.

RADIO 2SER (107.3 FM)
UTS, in conjunction with Macquarie University, operates Sydney Educational Broadcasting Ltd (Radio 2SER-FM), an independent and non-commercial radio station.

2SER-FM had its origins in the burgeoning community broadcasting movement of the early 1970s when it was proposed that an educational station, based on a consortium of Sydney universities, be established. 2SER has been broadcasting across the Sydney metropolitan area, reaching as far as the Blue Mountains and Wollongong, since 1 October 1979.

Both UTS and Macquarie University contribute an annual grant to 2SER, and the station also relies upon revenue raised through programming, sponsorship, fundraising events and membership.
In addition to a small team of paid staff, around 250 volunteers (including UTS staff and students) are involved in producing and presenting around 100 shows per week. 2SER features many exceptional music, arts and current affairs programs, as well as community programming of different languages over the weekends.

2SER’s core values are: commitment to social justice; lifelong learning; independence in the media; and radio as a creative medium.

2SER provides free training courses for its volunteers which cover broadcasting law and standards, equipment operation, interviewing techniques and scriptwriting. Students are welcome to visit the studios on Level 26 of the Tower Building, Broadway.

For more information about 2SER-FM, telephone during office hours or tune in to 2SER 107.3 FM. Streaming is also available via the website.

RESEARCH AND INNOVATION OFFICE

The Research and Innovation Office (RIO) provides support services to ensure that the University develops its research potential and, to that end, seeks to link researchers with funding agencies and investors. It also administers the business functions of accessUTS Pty Limited, the University’s consulting arm.

Four teams operate under the Director. These are:
- Industry Engagement and Commercialisation
- Research Grants and Tenders
- Planning and Operations
- Contracts Execution and Management.

The Industry Engagement and Commercialisation team deals with the areas of contracts, technology development, patents, intellectual property, and relationships with industry partners. Its role is to encourage the optimisation of commercial opportunities and to build links between researchers and industry.

The Research Grants and Tenders team is responsible for promotion, development and administration of internal and external granting schemes, financial administration of funding, and managing data reporting requirements. Its role is to encourage and support academic staff in applying for various funding opportunities.

The Planning and Operations team supports the Research Management Committee, the Human Research Ethics Committee, the Animal Care and Ethics Committee and the Biosafety Committee. It provides strategic advice to the RIO and policy advice to the University, monitoring issues and trends in the national and international research policy agenda.

The Contracts Execution and Management team is responsible for the development, review and execution of all research funding contracts and commercialisation agreements, in association with UTS legal, contract research projects, management of intellectual property portfolio and commercialisation agreements, including licences and joint ventures. The team is also responsible for coordinating the monitoring and reporting of UTS involvement in Cooperative Research Centres.

STUDENT PARTICIPATION IN UNIVERSITY GOVERNANCE

There are a number of avenues open to students to participate in the governance of the University. The following are examples of how this can be done formally through the University’s main decision-making bodies.

Council

There are two elected student members of Council, each with a two-year term of office. One is a postgraduate student and the other an undergraduate student. The following existing Council groups have at least one student member: Student/Council Liaison Group and Equity Reference Group.

Council has been scheduled to meet six times in 2007. Most of its committees meet four to six times each year.

Academic Board

The Academic Board is the principal advisory body to Council on all academic matters. Its membership includes the President of the Students’ Association, an elected student member from each of the faculties and two postgraduate students of the University. Student membership on the Academic Board is for a two-year term. The current term is due to expire on 31 October 2007.

The Board has established a number of Standing Committees, including the Appeals Committee, Courses Accreditation Committee, Executive Committee, Board of Studies for Indigenous Education, Teaching and Learning Committee, Board of Studies of the Institute for International Studies, and the University Graduate School Board. Each of these includes student representation either by the President of the Students’ Association in an ex officio capacity, or by other students elected by the Academic Board.

The Academic Board is scheduled to meet seven times in 2007.
Faculty Boards
Each of the nine faculties has a faculty board charged with advising the Academic Board and the Dean and other senior staff of the faculty on matters pertaining to the educational work of the faculty. The membership of faculty boards varies, but all include at least four students, at least one of whom is a postgraduate student, for a one-year term of office.
Faculty boards must meet at least twice a semester.
The Institute for International Studies has a Board of Studies which includes three elected student members, one of whom must be a postgraduate student.

UTS ARCHIVES – UNIVERSITY RECORDS
The UTS Archives is a repository of historical records of the University. The holdings include records of the New South Wales Institute of Technology, the Kuring-gai College of Advanced Education and its predecessors – the Balmain Teachers’ College and the William Balmain College; the Institute of Technical and Adult Teacher Education of the Sydney College of Advanced Education; and the School of Design of the Sydney College of the Arts. Papers of some individuals closely associated with these bodies are also held.
Taken as a whole, the holdings reflect the development of technological and vocational higher education in New South Wales and Australia during the past few decades. Types of records held include photographs, official publications, files, committee records and ephemera such as posters. University Records staff provide advice on storage, preservation and disposal of the University’s records as well as reference and retrieval services. The resources of the Archives are available for use by UTS staff. Members of the public who wish to access the UTS Archives need to apply to the Coordinator, University Records. Access to the Archives by members of the public is by appointment only.

UTS BUILDING IDENTIFICATION SYSTEM
The UTS building identification system comprises two letters indicating the geographic location, followed by two numerals indicating the building number. The floor number and the room number (each separated by full stops) may follow.
For example, City campus, Broadway, Building 1, Level 26, Room 30 is identified as CB01.26.30.
• CB City campus, Broadway (including Harris and Jones Streets)
• CC City campus, Blackfriars, Chippendale
• CM City campus, Haymarket
• CQ City campus, 10 Quay Street, Haymarket
• KG Kuring-gai campus
• SL St Leonards campus
Addresses and maps are published online at:
http://www.uts.edu.au/about/mapsdirections/mapsdirections.html

UTS GALLERY AND ART COLLECTION
The UTS Gallery is a dedicated public gallery located on Level 4, Peter Johnson Building, City campus, 702 Harris Street, Ultimo. The Gallery presents regularly changing exhibitions of art and design from local, interstate and international sources. Conferences and public programs accompany many exhibitions.
The UTS Art Collection comprises a diverse range of paintings, prints, photographs and sculptures primarily by Australian artists of the mid to late 20th century. The Collection was formed from the holdings of several institutions, which amalgamated to form UTS, and is developing through the acquisition and donation of contemporary artworks.
The fundamental role of the Art Collection is to give the University community and visiting public the opportunity to view, appreciate and interact with quality artworks that make a significant contribution to the educational mission, cultural life and amenity of the University. The Collection and works on loan from private collectors are displayed throughout the University complex.
The principal collecting areas are works that consolidate and extend the existing collection, contemporary art and technology and formal portraits. The UTS Art Collection accepts donations and gifts under the Cultural Gifts Program (formerly the Taxation Incentives for the Arts Scheme).

UTS SHOPFRONT COMMUNITY PROGRAM

UTS Shopfront is a University-wide program that links disadvantaged and under-resourced community groups to the University's skills, resources and expertise to undertake projects and research and to provide flexible community-based learning for students.

Shopfront’s vision is to have a social benefit and to further advance the principles of flexible learning through developing collaborative research, teaching and learning activities.

The program was established by UTS in 1996 to encourage knowledge and skills transfer between the community and the University, and an ongoing relationship between UTS and communities who can significantly benefit from partnerships with the University.

In over 10 years Shopfront has facilitated more than 400 completed projects and events that have added more than $16 million to the community and involved thousands of people, UTS students and staff, community partners and others.

The quality of this community engagement was recognised in 2005 when UTS Shopfront received a National Award for Community Engagement and Teaching from the Carrick Institute.

Students carry out community-based projects through their subjects under the supervision of academics. UTS Shopfront has a broad skills base with access to all nine UTS faculties.

Forums, seminars and workshops are also developed in response to community need, with training provided on project management, computing skills, grant application writing, and media and public advocacy skills.

The Shopfront’s ongoing support for the scholarship of engagement includes a number of research initiatives: Gateways: International Journal of Community Research and Engagement is an academic electronic journal concerned with international best practice and processes of university–community engagement jointly edited with Loyola University, Chicago; the Research Monograph Series publishes high impact, refereed research from UTS which is of interest to the community sector; and the Student Monograph Series showcases excellence in student research through UTS Shopfront.

UTS AND SUSTAINABILITY

Sustainability research at UTS is cross-disciplinary research for the development of economic, social, political and technological solutions to enhance the environment, human wellbeing and social equity, now and in the future.

UTS seeks innovative sustainable solutions to real-world problems, in close collaboration with the professions, business, industry, government and the wider community.

The University’s research profile extends from traditional areas of research such as physical, biological and engineering sciences, to contemporary fields including social inquiry, design, leisure and tourism, nursing, adult learning, local government and nanotechnology.

http://www.sustainability.uts.edu.au/research

Institute for Sustainable Futures

The Institute for Sustainable Futures is a flagship research institute that works with industry, government and the community to create change towards sustainable futures through independent, practical research and consulting. The Institute works in an interdisciplinary way in a range of areas including sustainable urban design and construction, greenhouse response strategies, environmentally sustainable transport, economics of resource efficiency, sustainability in planning and policy development, and sustainable water and waste minimisation strategies.

For further information on the Institute, see Chapter 5 of this Calendar.

RELATED ORGANISATIONS

accessUTS PTY LIMITED

accessUTS Pty Limited is a wholly-owned UTS company that manages University consulting, providing professional consulting services to business, industry and government. It offers expert opinion to the legal and insurance industries, technical consulting and testing services, professional consulting and training services. It draws on the extensive and diverse expertise of both UTS staff and external commercial entities.

The UTS Research and Innovation Office transacts and manages the business of accessUTS. It offers:

- well-considered matching of expertise to meet client requirements
- project management that ensures that client and consultant expectations are identified and agreed on, and milestones and deliverables are met
- preparation of fee proposals and assistance with tenders
- contract administration
• financial administration and professional accounting services to manage client accounts and supplier payments
• professional indemnity and public liability insurance cover.

accessUTS is committed to expanding University consulting and, to this end, actively promotes and markets the business and consultant expertise through a range of media and contacts with clients and potential clients to develop business opportunities.

INSEARCH LTD

Strength through partnership
INSEARCH is a controlled entity of UTS and this symbiotic relationship allows each institution to benefit from the reputation and success of the other. From its Sydney base and offshore centres, INSEARCH provides education services to students from around the world.

INSEARCH contributions to UTS
INSEARCH is not only self-sustaining but also provides substantial benefits to UTS through financial donations that have increased annually since 1998, as well as through non-financial means. Some of the benefits recently delivered to UTS by INSEARCH include:

• the annual donation ($15.5 million between 2004–2006)
• recruitment and preparation of over 1,000 students who transferred from INSEARCH courses to UTS in 2006
• provision of scholarships, including PhD and post-doctoral scholarships
• support to the University Library for use by INSEARCH students
• collaboration and support for UTS’s international marketing activities
• support for the UTS INSEARCH Technology Development Seed Fund and other projects of the University’s Research and Innovation Office.

Corporate strategy
INSEARCH operates as a commercial enterprise within a highly competitive industry governed by regulation. To succeed in such an environment requires initiative tempered by discipline and rigorous corporate systems. Strict corporate governance and responsible growth are key considerations for INSEARCH. The company has invested in the latest management information systems and continuously reviews operations from both a business and an academic perspective.

In 2004 INSEARCH was accredited as a higher education institution, the only institution in NSW to achieve this result at its first application. The consistently high quality of INSEARCH’s academic outcomes is maintained through recruiting and retaining excellent staff, providing the necessary resources for them to perform to the highest levels and providing ongoing training. In addition, surveys of students, staff and partners are regularly undertaken to ensure the consistent delivery of high standards and to identify areas for improvement. Graduate tracking of INSEARCH students is becoming increasingly sophisticated, allowing INSEARCH to adjust programs for continuous improvement.

Academic pathways and other courses
INSEARCH’s courses include:

• English
  – UTS direct-entry English
  – Academic English
  – General English
  – IELTS preparation
• Diploma courses leading into courses in the UTS faculties of:
  – Business
  – Design, Architecture and Building
  – Engineering
  – Humanities and Social Sciences
  – Information Technology
  – Nursing, Midwifery and Health
  – Science
• study tours, combining English courses with specialist studies in multimedia, information technology, management and many other fields
• English language teacher training programs.

INSEARCH and IELTS preparation
As well as offering a wide range of IELTS preparation courses, INSEARCH publishes books, CDs and DVDs that are sold worldwide through retail bookstores and IELTS testing centres.

INSEARCH has also distinguished itself as an innovative educator by jointly producing the popular Study English – IELTS Preparation television program with Australia Network (formerly ABC Asia Pacific), Australia’s international satellite broadcaster. The first episode screened in September 2004 and the program now reaches an audience of more than nine million people in 41 countries.

The series can be purchased as a self-study pack for use by teachers and students and is also available online at: http://www.insearch.edu.au/studyenglish

For information about INSEARCH’s international activities, see Chapter 4 of this Calendar.

COMMERCIAL ACTIVITIES ON CAMPUS

There are a number of commercial activities on campus. These include cafes, newsagents and other services. Commercial parking stations are located in or near the City campus buildings.

THE CO-OP BOOKSHOP

The Co-op Bookshop endeavours to supply textbooks for the University’s timetabled courses. It also caters to the broader needs of staff and students by stocking a range of general titles, calculators and the latest computer software. The Co-op Bookshop also offers generous discounts on books to customers who become members.

Through its online service, the Co-op Bookshop gives customers access to a database of more than one million titles. Any title, provided that it is in print, can be ordered by email, fax, telephone or in person at the Broadway and Kuring-gai shops.
